

**This summer, Ome Caterers will bring Hollywood and the Hamptons to your  
'destination' of choice**

**June 10, 2008 (Tri-state area)** –This summer, for all the obvious reasons, people will be staying closer to home. Pools, patios and backyards are coming to life, and Ome Caterers has great ideas for making your summer parties as great as those during the rest of the year. Whether it's a respite for staff, family reunion, or barbecue with friends, Ome Caterers has just the right entertainment plan that's reasonably priced *and* hassle free.

Destination Ome is Ome Caterers new home/office catering service featuring Ome's New York Times four-star rated Executive Chef Craig Shelton. Chef Shelton will prepare his delicious world-class summer menu dishes and have them delivered directly to your home – all without the cost of rentals and staffing, which means every penny goes into the quality of the food. You can do all this and keep it green this summer, too, with Ome's fabulous 'green sustainable' disposable packaging – which leaves no messy clean up and more time for entertaining.

If you've always wanted to throw a Hollywood and the Hamptons-style party, Ome can bring them both to your backyard. Craig's '1940's Hollywood Retro Pool Party' menu will leave your guests star-struck, as it features his famous Hollywood & Vine house salad appetizer, Route 66 hamburger and delicious Schwabs Pharmacy root beer float.

Perhaps you were planning on a trip to Europe this summer. With high airfares, why not bring Europe to your backyard? Craig will even help pair your favorite wines with his 'Provençal' wedding menu – and after you experience this incredible combination, you may never leave the country again.

But no matter how great the summer weather, some will always remain fans of fall. Craig's Autumn Luncheon menu, featuring Roast Line-caught Codfish, Tender Apicius Duck and Vanilla Bean Ice cream, will give your guests an early taste of the crisp, clear days of autumn – even during the dog days of summer.

Ome Caterers can also provide their full complement of personnel to serve and manage your party, leaving plenty of time for you to focus on your guests and enjoy the summer.
